*Defending the Second Amendment
Standing up for Freedom*

The Honorable Dr. Thomas Coburn
United States Senator
516 Hart Senate Office Building
Washington, DC 20510

Monday, October 01, 2007

Dear Senator Coburn,

I want to commend you and your able staff for standing up to those determined to undermine the Constitution in the U.S. Senate. Your principled objection to H.R. 2640, the McCarthy/Leahy Gun Control bill, is an important step toward defeating this truly outrageous infringement of our rights.

On behalf of the National Association for Gun Rights, I would like to thank you for your continued vigilance in the fight to protect our God-given and constitutionally protected right to keep and bear arms.

There are too few members of the United States Senate who understand that the right to keep and bear arms "shall not be infringed." Your continued leadership is a shining light for gun owners, in a body that seems bent upon continued restrictions of all our rights.

Again Senator Coburn, thank you for your continued support of the Second Amendment and for your leadership on this important issue before the United States Senate. If you or your staff has an specific suggestions or concerns please feel free to call our office at (888) 874-3006.

Yours for Freedom and Liberty,
